

INSTALLATION INSTRUCTIONS

APPLICATION: 1998-2000 DODGE DURANGO

SPORTSMAN TAILLIGHT GUARD

39-3045

CAUTION:
BEFORE BEGINNING
INSTALLATION
PROCEDURE,
READ THROUGH
INSTRUCTIONS
CAREFULLY AND
COMPLETELY

HARDWARE KIT: None Required. Remove and check all parts before assembly.

STEP 1: Open rear hatch to expose mounting area.

STEP 2: Remove existing rear taillight attachment screws (2) from inside of hatch door jamb with Phillips Screwdriver.

STEP 3: Place the TailLight Guard into position over the existing taillight attachment holes. Gently adjust angle of attachment brackets until a perfect fit is achieved. Insert existing screws and tighten taillight. **DO NOT** over tighten.

STEP 4: Repeat for the other side.
