THE

WARRIOR

All about it.

## Ford Ranger FX4

The Westin "WARRIOR" appeals to the young and not so young warriors who engage in a wild extreme lifestyle. These "Warrior's" are compelled to participate in the most demanding and daring feats, which includes extreme sports, tattooing and body piercing. The truck graphics mimic a tribal band tattoo. Westin would like to thank the sponsors of this project truck for their support and contribution!

**Thank You.**
